Dear Mr. Payne:

Permit me to thank you in behalf of the Society, for the specimen of the Henry Clay medal which you sent to us a few days ago. We are very glad indeed to have this.

With the season's greetings to both you and Mrs.Payne,

Sincerely yours,

Curator.

My dear Mrs. Wood: —

We have collected quite a few coins, & we are now wondering how we can get them valued. — Some are, I suppose, doubtful but others may be rather rare. — Could either Margaret or myself call on you some day at the Museum, & perhaps, show

them to you? - If any of them are rare, we would be glad to dispose of them. -

I hope that you & Mrs. Wood & the girls are well. We seldom go to Harbour View, except to open the Cottages for renting, & close them in the Fall. -

Mother is out here - quite feeble with a cracked hip. - She is well past 93. -

With kindest regards to all,

Cordially

Marion Hessiter Payne

Dear Madam:

I would be glad to have you with your daughter come to the museum any day with your coins. I am apt to be away the first and last day of each week for some weeks to come. I plan always to be here Wednesday, Thursday and Friday. If by chance I am not here, my assistant, Mr. Robertson, can tell you as well as I about your coins.

We have put a large addition to our cottage and were kept pretty well on the job by this this summer.

Very truly yours,

HW:JG
